ADAPT EASILY

COMMUNICATION

### SUMMARY

I recently completed a web development bootcamp at Shecode.io, where I work on web development & design projects using HTML, CSS, JavaScript, and React. A quick learner, pay close attention to design details, and enthusiastic about creating user-friendly experiences. Eager to apply my skills and contribute to dynamic web development projects in a collaborative team environment.

### EXPERIENCE

#### LANDING PAGE

Project @ <https://lnkd.in/dhURun7q>

JUNE 2023

- For the interactive web page I used vs code, html, css and basic JavaScript functions. The page is about Finding Therapy In Reading. Visit my GitHub page, I created a repository to showcase my code.

#### PERSONAL PORTFOLIO WEBSITE

Project @<https://rosetebogondhlovu.netlify.app>

AUGUST 2023

- For the responsive website I used vs code, html, css and basic JavaScript functions. The page is about Finding Therapy In Reading. Visit my GitHub page, I created a repository to showcase my code. I used Netlify to host this project.
